Capitalization by reduction of unit costs.

Exclude from SD computation.

Capitalize all charges into unit cost.

These charges will be capitalized into
 unit cost only when known at time of
 receipt and when total delivery is
 accomplished in one single action.

Accommodation Procurements

Set-up Charges, Perforating
 Charges, Punching Charges,
 Binding Charges (charges
 commonly reflected in print-
 ing material purchased)

The major portion of the organization
 procurements are consummated on an FOB
 basis and transportation charges would
 be included in the unit cost from the
 vendor. If transportation arrangements
 are other than FOB origin and the trans-
 portation charges are known at time of
 delivery, such charges should be capi-
 talized into the unit cost on a pro rata
 basis.

Same as above
 These charges will be capitalized into
 unit cost of material if the charges are
 known at the time of delivery and they
 can be computed on a pro rata basis for
 individual unit cost. Otherwise we will
 not capitalize.

Same as above.
